This is just the start! 61 boxes for the Garden Towers were delivered to Fairfield Department of Health! These Garden Tower kits will be distributed to nine schools in Fairfield County for students to learn about and grow produce that may be used for school lunches in the future. Schools receiving a tower include: St. Bernadette, Amanda Elementary, Amanda High School, Bloom Carroll Primary, Bloom Carroll Intermediate, Bloom Carroll Middle School, Bloom Carroll High School, Liberty Union Elementary, and Forest Rose. Deliveries will be made in August before school starts! This opportunity is being sponsored by the Mount Carmel Foundation.
