Mosquitoes carry viruses and can make you sick.

**FIGHT THE BITE...**
Control mosquitoes around your home. Keep mosquitoes out of your home. Protect yourself.

**Protect yourself and your family from mosquito bites:**

- **Control mosquitoes around your home.**
  Once a week, empty and scrub, turn over, cover or throw out any items that hold water, like tires, buckets, planters and bird baths. Don’t forget the gutters on your house.

- **Keep mosquitoes out of your home.**
  Keep windows and doors shut and use air conditioning when possible. Use, install or repair window and door screens.

- **Protect yourself.**
  If you are planning to be outside, use an EPA-registered insect repellent. Avoid outside when mosquitoes are most active: dawn and dusk.
